CORNUCOPIA

Sometimes I remember the old days
When the world was filled with sorrow.
You might have thought I was livin'
But I was all alone.

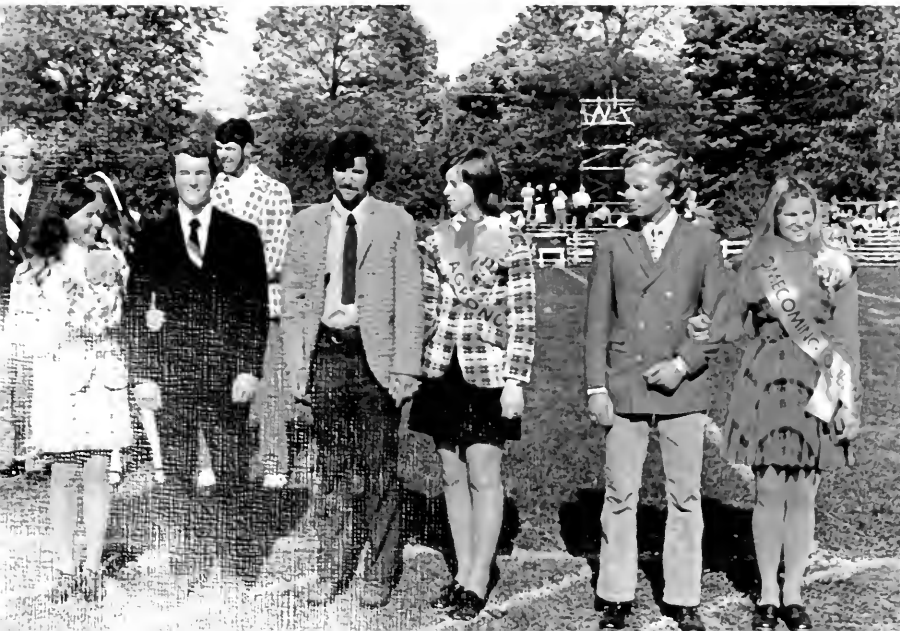

In my heart the rain was falling,
The wind blew, the night was calling.
Come back, come back, I'm all you've ever known.

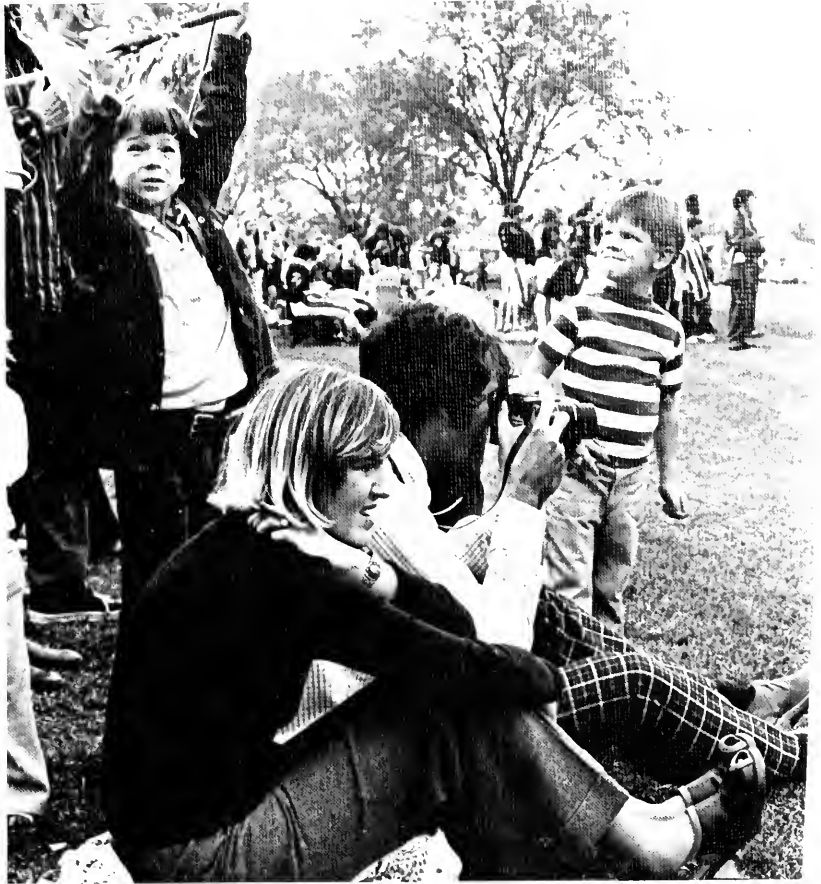

Open the door and come on in
I'm so glad to see you my friend
You're like a rainbow comin' well, it sets my heart free.
I'd like to be as good a friend to you as you are to me.

There were friends who could always see me;
Thru the haze, their smile would reach me.
Saying OK, saying good-bye, saying hello.

Soon I knew that what I was after was
Life, love, tears and laughter.
Hello, my good friend, hello my darling,
What do you know?

I used to think it was only me feeling alone,
Not feeling free to be alive, to be a friend.
Now I know we all have stormy weather.
The sun shines through and we're together
I'll be your friend right through 'til the end.

Judy Collins

I hope the day will be a lighter highway
For friends are found on every road.
Can you ever think of any better way
For the lost and weary travelers to go?

Making friends for the world to see,
Let the people know you've got what you need.
with a friend at hand you will see the light
If your friends are there then everything's alright.

It seems to me a crime that we should age;
These fragile times should never slip us by.
A time you never can or shall erase.
As friends together watch their childhood fly.

DEDICATION

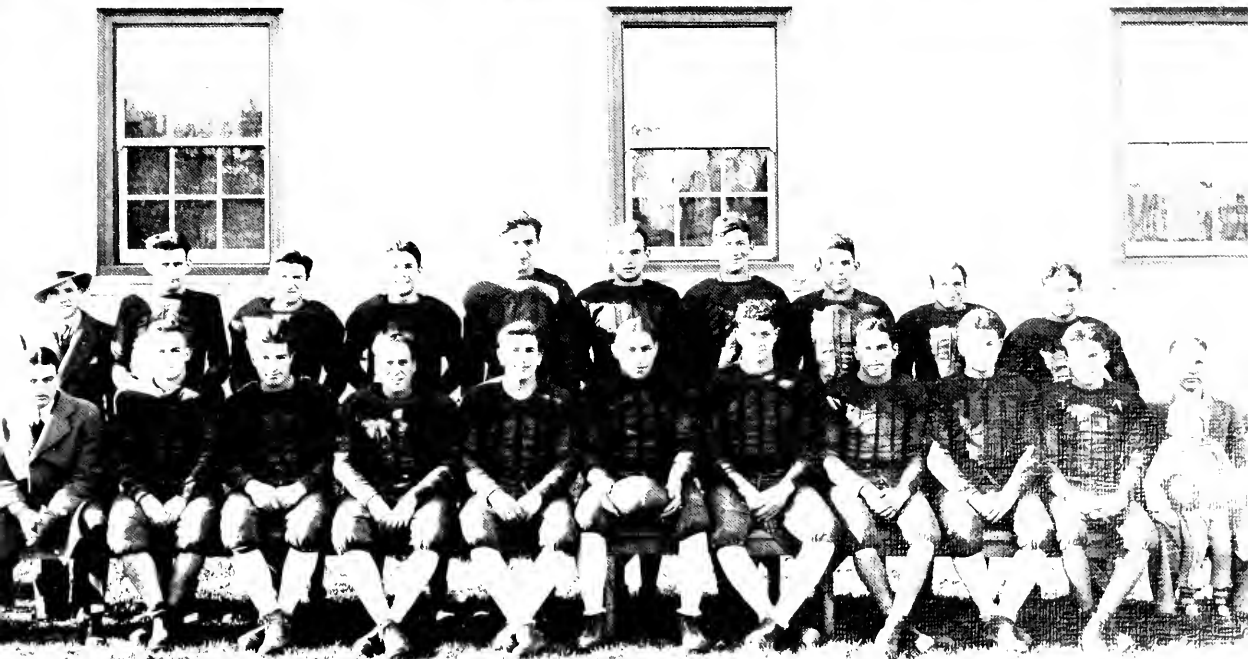

To the Members of the Class of 1974:

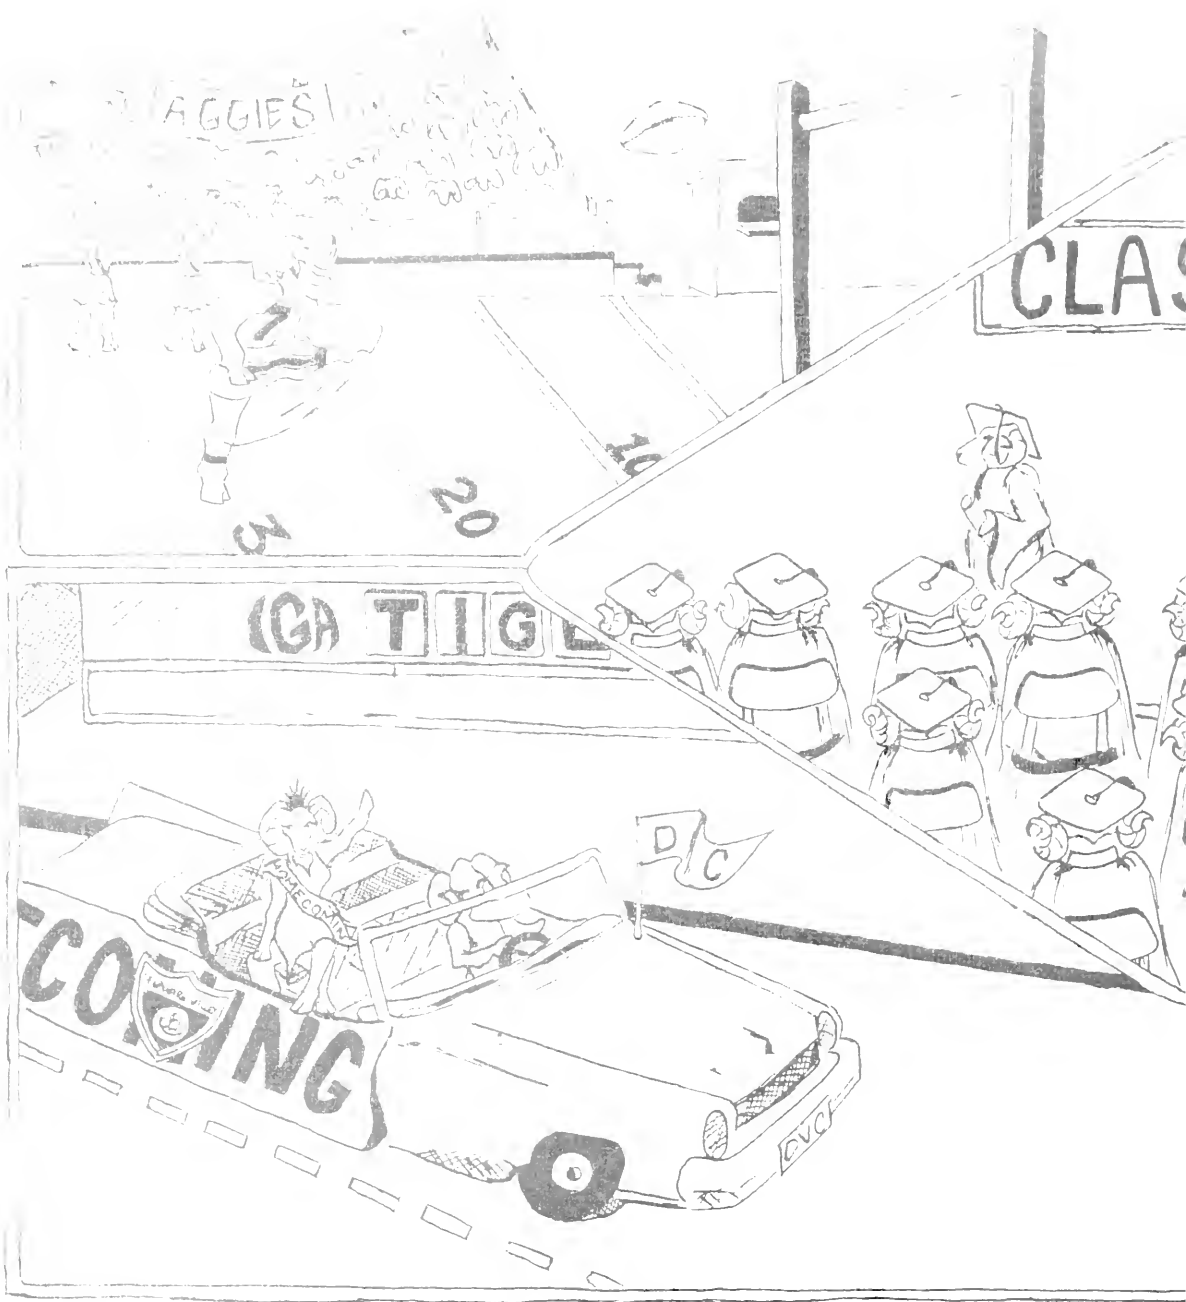

I appreciate your kindness in dedicating the 1974 Cornucopia to me for the yearbook will be of great value to you. As you will have occasion to open it, say in the 21st century (pray that you all do), it will take you nostalgically back to your formative years at this college. Then you will be able to fully appreciate the time invested in your college education and to realize the many dividends it yielded. Chief among these will be the satisfaction that comes with intellectual accomplishment. Now that you learned the basic principles of the educative process, continue to educate yourselves, so that you will not be in the position of an early president of the United States who declined an honorary degree because he felt that "No man should, in my judgment, accept a degree he cannot read."

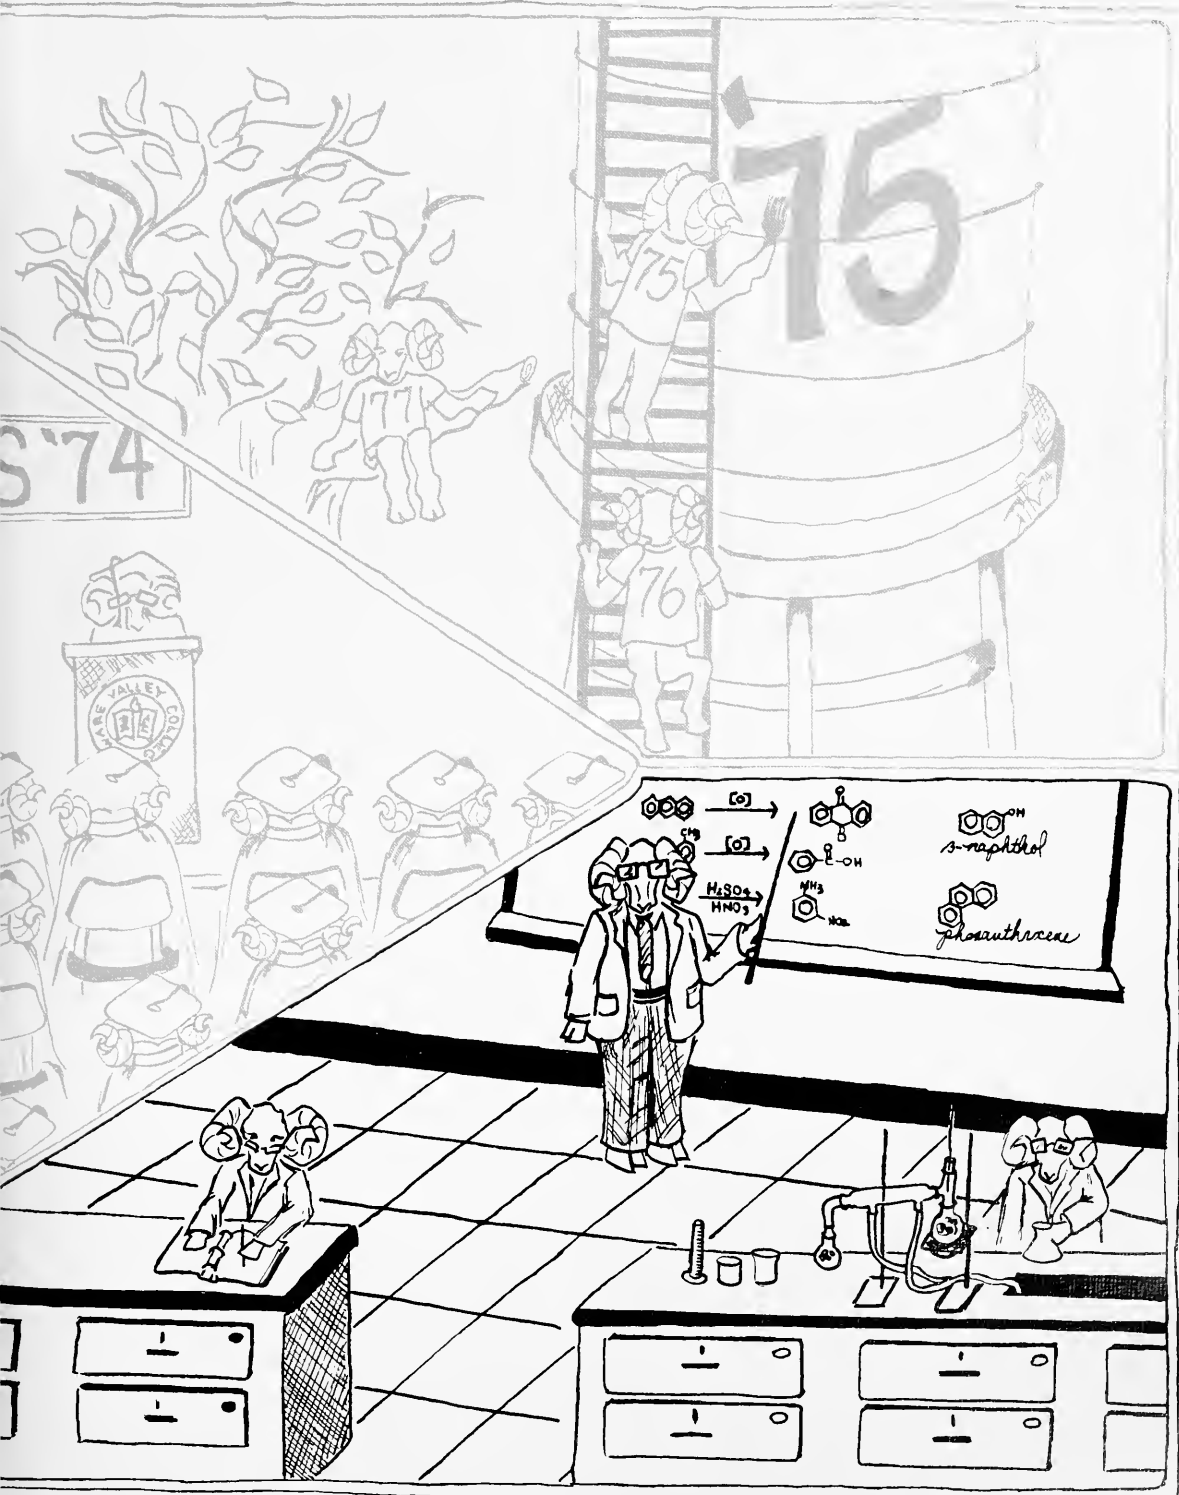

I wish for you all a cornucopia — an abundance of happiness and success.

Dr. Elson — holding football (below).

A MESSAGE TO THE ATHLETES OF THE 1974 GRADUATING CLASS

Graduation is always a personal, memorable and highly significant event in your life and it testifies that you have completed the basic educational foundation and hopefully experienced a great deal of enrichment from your participation in athletics. Day by day you have honed your athletic skills through keen competition in practice and have been bestowed with the fundamental tools of life in the academic field to prepare you for a better social, economical future.

Through athletics you may travel the road of life with more confidence and with high but realistic goals. Please remember that the opportunity for success will be enhanced if you apply your education and your commitment to excellence in athletics.

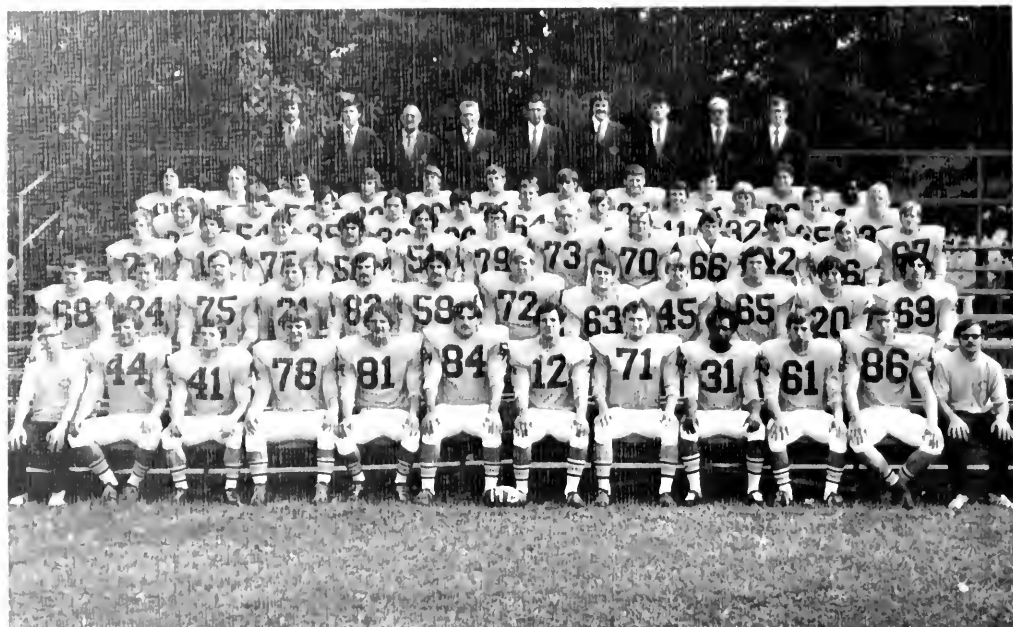

Never in the nation's history has there been a greater need for individual strength, individual pride and wherewithal to stand up and be counted. Athletes develop a sense of loyalty, dedication and dependability. Athletics serves as a vehicle for better things — physical development, mental alertness, spiritual enrichment, sacrificing for others, control of oneself in times of stress, training oneself to be humble in victory and resilient in defeat. No one can do more than their best nor should no one expect less.

We regret losing some fine young men that have added to the laurels of the Aggies and provided thrills for the Aggie followers. To these fine young student-athletes, we wish every success in every endeavor.

Sportingly yours,

In the year 1973, the Aggies compiled a record of 4 wins— 3 losses and 1 tie. The wins were over Albright, Lycoming, Upsala, and Susquehanna. The Aggies had a great season and were contenders for the MAC title. Through out the season, the team members fought hard and had the spirit that was needed to win. Although there are seniors graduating this year, which will be missed, there is a great underclassmen line up for the upcoming seasons.

The 1973 Cross Country Team, coached by Robert "Doc" Berthold, completed what must be considered one of its best overall seasons on record. The team had 9 wins against 2 losses, and its second place finish in the MAC championships was the best the team has ever done.

The team was captained by senior Don Murphy, who inspite of various injuries still managed to finish third in scoring for the team. Don was voted the Most Valuable Harrier Award by his teammates in light of his leadership and performance over his four varsity years.

There were also three other seniors who competed on the cross country team during their four collegiate years. Bruce Pratt was the second member of the team to finish in the championship race, and he received his fourth varsity letter in cross country. The other seniors were Dave Sverduk and Rich Osman who received their senior awards.

This year's team was led by freshman Dennis Hossler and his brother Barry (class '75). In his first year of collegiate competition, Dennis won every dual meet he ran, though an injury received during the championship race hampered his expected strong showing in that race. Barry was second highest scorer on the team, and he was the first Aggie across the finish line in the championships finishing 13th.

Others who played key rolls in the 1973 season were Frank Dengg, '77; Tim Manning, '75; and Dave Stull, '77.

The outlook for the 1974 season is mixed. The loss of four graduating seniors could be critical, but with the return of a strong nucleus of underclassmen including the Junior Varsity members who were the second college division team to finish in their respective championship race, 1974 will hopefully be another successful year for Aggie Cross Country.

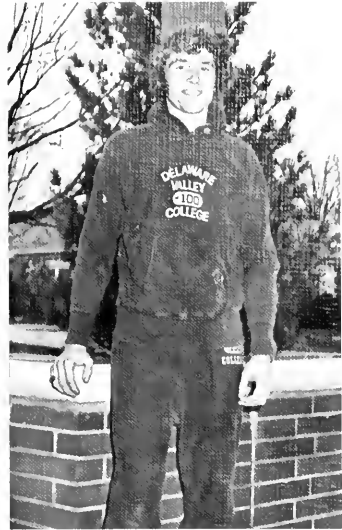

Dr. Berthold, Coach and Seniors

WRESTLING 73-74

WRESTLING TEAM 1st ROW: J. Adams, Hayes, J. France, A. Vorhouer, S. Smith, R. Homan, J. Hopps, M. Ackley, J. Thonus.
2nd ROW: S. Corrman, A. Koenig, F. Campbell, D. Moyer, J. Artigliere, P. LeVan, D. Bender, E. Eisenhart, D. Cope, T. Snyder, J. Witwer, T. King, A. Bartlebaugh, Coach Hardy, Coach Stephenson.

The Aggies had a very successful season this year, under the direction of Mark Stephenson. They compiled a 10-2 record, having lost only to their rivals Wilkes and Lycoming. The Aggies took 5th out of 16 teams in the MAC's and tied for 12th out of 60 teams at the Nationals. At the MAC's, three of the varsity team members won recognition. They were Fran Campbell (167), second; Doug Cope (177), third; and All Bartlebaugh (unlimited), second. Getting three men in the finals is a great accomplishment, but we can not help to feel that having the remainder of the team place would have given DVC more prestige during the 73-74 season. Next year we should be able to achieve this goal with the entire team except Joe Thonus and Al Vorhauer returning. Congratulations Fran, Doug and Al, and best wishes are extended to Joe and Al who will be missed next year.

BASKETBALL

BASKETBALL: 1st ROW L TO R: Mike Wells, Gerry Moroz, Dan Damweber, Captain Steve Shelly, John Leiner, John Silan Jr., John Harrington. 2nd ROW L TO R: Head Coach John Silan, Pete McGabe, Scott Sidler, Dennis Pastucha, John Rodenbaugh, Roger Slawta, Scott Lilerose, Dan Whittaker, Ray Einhorn, Assistant Coach Frank Wolfgang.

Coach Silan and Steve Shelly

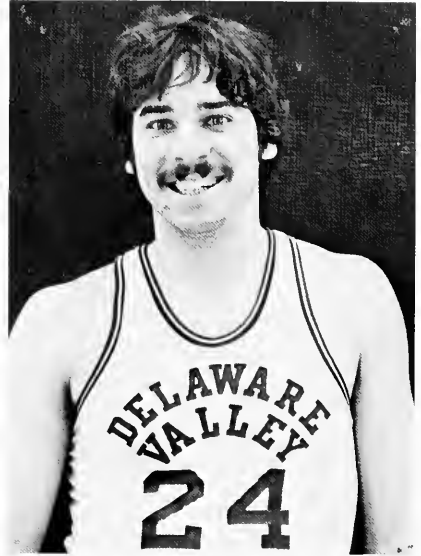

The Aggies compiled an 11-12 record this year. With the loss of only three seniors, who will be missed, the outlook for next year is good. Best of luck to the Aggies next year.

Joel Brown and his team finished with a 3-5 overall track record with wins over Lycoming, Albright and Haverford. They placed 8th in the MAC's. The team will be losing some key men such as Larry Dell, Win Cowgill and Rich Osman, but with the large number of underclassmen, DVC proves to be a great team next year.

The DVC golfers had a disappointing season with a 3-11 record, with wins over Ursinus, Lycoming and John Hopkins. However they did finish 8th in the MAC's, which is a considerable disappointment compared to last year's second place victory.

The team is losing one very valuable player, Angelo Petraglia, and hopefully with the returning player and new freshmen, the team will improve considerably.

Intramural Sports

This year at Delaware Valley College, the intramural sports program was very active. The year started off by the boys soccer teams battling to a finish. But the girls were not to be forgotten. No, they were right beside the boys playing field hockey. The highlight of the fall sports season was the game between "Doc's" cross country team, and the girls' hockey team. The cross country team won.

As the winter sports started, so did the

intramural basketball and volleyball. RAP won the Intramural Championship with a 13-0 record. Dead End Kids won both the basketball and volleyball championships.

Sure enough both the boys and girls were playing softball during the spring. The Dead End Kids won the girls championship.

It was a very successful year for the Intramural Program, and it is hopeful that its' popularity will continue next year.

BRYAN BOLEHALA
President

Fellow Classmates,

We have travelled a long and winding road and have finally arrived at the day we've all been waiting for, "graduation"! It has been demanding, challenging, and exciting. Now we must prepare ourselves for what lies ahead of us in the future.

Looking back over the years we have gone through many changes. These changes occurred in the world around us and the world inside us. The things we have learned here at Delaware Valley may have not just been rated with a letter grade value. Besides a grade value Delaware Valley has brought us to see things for ourselves and has made us all whole and full persons.

In closing I would like to take this opportunity to wish you all the success and happiness in whatever you find in the brave new world. Always remember all your friends and exciting experiences you had at Delaware Valley College.

Sincerely yours,

Bryan Bolehala

To the Agronomy Class of 1974:

You have just completed successfully four years of undergraduate studies that for some of you may have passed too quickly and for others may have passed much too slowly. With this part of your formal education behind you, you are entering now the real challenge of a career, of responsibility to yourself, to your family, to the profession you have chosen, and to the society in which you are living.

On behalf of the Agronomy Department I wish you all the best of luck in the years to come.

To the Business Administration Class of 1974:

The Business Administration faculty congratulates the members of the Class of '74 on your graduation, the first milestone toward entering the business community. Although classes are now finished, the learning should not cease. As you enter positions in industry, commerce, and the professions, keep alert to new ideas, better ways to do things, and greater challenges. You will not lose the capacity to learn, only the willingness. So take every opportunity to broaden your knowledge, expand your capacity, and thereby secure a promising future.

DR. ROBERT S. ORR, M.S., Ph.D.
Chairman: Chemistry Department
Professor of Chemistry

To the Chemistry Graduates of 1974

For the past four years, you have been actively engaged in acquiring the basic tools of the chemical profession. Your success in achieving this goal has been as a result of the patience, understanding, and hard work of both you and your teachers.

Today our nation is beset with numerous problems, which you must attempt to resolve. Use your educational experiences at Delaware Valley in meeting this challenge.

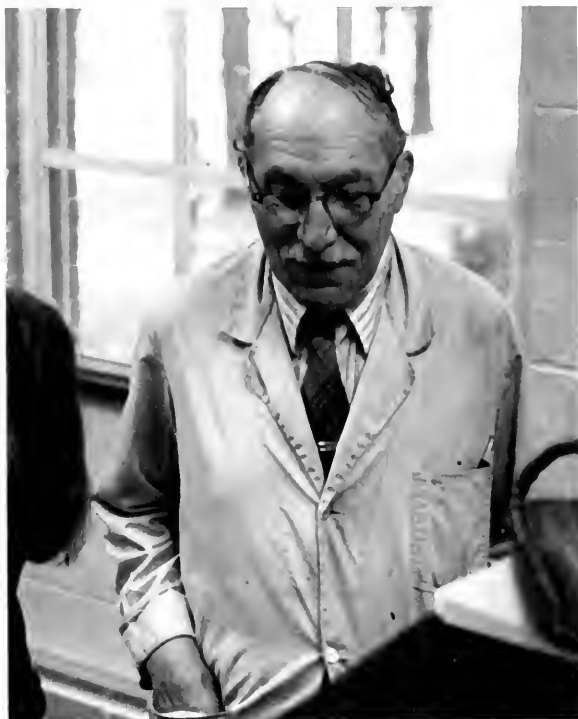

Remember, by continuing to grow educationally and by working together as fully participating citizens, you and our nation will move forward.

On behalf of the chemistry faculty, I wish to extend to you our congratulations and best wishes for the future.

Sincerely,
Robert S. Orr

DR. JOHN R. PLUMMER, B.S., M.S. Ph.D
Chairman: Dairy Husbandry Department
Assistant Professor of Dairy Science

To the Dairy Husbandry Class of 1974:

As you leave Delaware Valley College and embark upon your journey into the business world, dream lofty dreams — for dreams are the embryos of realities. A dream which is nurtured will one day become an object accomplished, for he who desires can obtain, and he who aspires will achieve. The vision which you dream is what you will become.

We at DVC have attempted to give you an educational basis upon which to build your dreams. We trust that you will use this knowledge as a cornerstone of a vision of what you want to make of your future.

Good luck and best wishes for turning your dreams into realities.

Assistant Professor of Food Industry

To the Food Industry Class of 1974: I wish the best of life and the desire to make the best of life. You will graduate at a time when events such as the energy crisis will cause change in our life styles and work. I am sure you will succeed through these changes and I would hope that later in life you reflect on how well you have adapted to change. It is important that you never be contemptuous or fearful of changes in events, opinion or ideas. Opportunities and the solution of grievances rest in change.

SENIOR CLASS ADVISER

May 19, 1974

To the Class of '74,

I do not know all of you, yet from all of you as a group I have learned much about a generation of young people cognizant of today's problems and willing to work toward their solutions.

From those of you whom I have encountered in the classroom and laboratory I have learned much about the significance of one discipline of science.

From the few of you whom I have come to know well I have learned much about myself.

Thank you for letting me be your class advisor during your last year as students here.

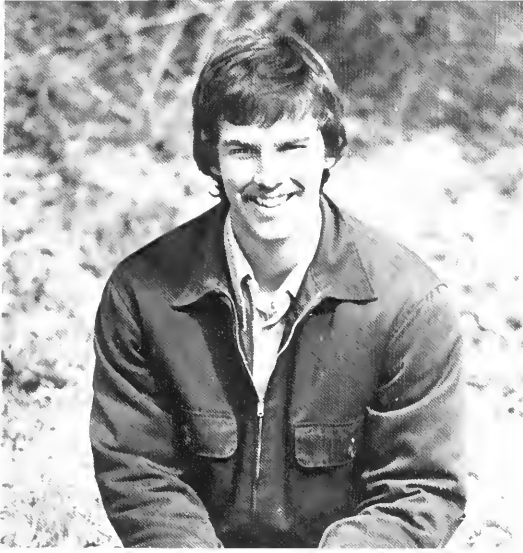

Sincerely,

James E. Miller

DAVE CHARRIER

This book has been a successful, cumulative effort of many people.

We, as the Co-Editors, would like to thank Glenn Fahnestock, the Daily Intelligencer, and Robert McClelland for their aid in photography; John Gaskill for his help in obtaining advertisements; Dianne Rodgers and Lisa Harvey for their invaluable drawings; Mrs. Galitz for her many typing assignments; and to our patient advisor, Robert Sauer, who was always ready to listen to our complaints and ideas, and for his help in many aspects.

But especially to a great staff with whom it was educational, fun, and rewarding to work with, we say thanks for your patience with us and compatibility among all of us.

People pass through different eras of life — ours included a deluge of experiences, which have made our time worthwhile. In our stay, friends have been met and left, their impressions deeply felt.

“Eras are only eras, they are not the end of time.”

*To the Senior Class of '74,
Upon embarking into a world
of turmoil and confusion —*

DESIDERATA

GO PLACIDLY AMID THE NOISE & HASTE, & REMEMBER WHAT PEACE THERE MAY BE IN SILENCE. AS FAR AS POSSIBLE WITHOUT surrender be on good terms with all persons. Speak your truth quietly & clearly; and listen to others, even the dull & ignorant; they too have their story. ☒ Avoid loud & aggressive persons; they are vexations to the spirit. If you compare yourself with others, you may become vain & bitter, for always there will be greater & lesser persons than yourself. Enjoy your achievements as well as your plans. ☒ Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals, and everywhere life is full of heroism. ☒ Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity & disenchantment it is perennial as the grass. ☒ Take kindly the counsel of the years, graciously surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue & loneliness. Beyond a wholesome discipline, be gentle with yourself. ☒ You are a child of the universe, no less than the trees & the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. ☒ Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors & aspirations, in the noisy confusion of life keep peace with your soul. ☒ With all its sham, drudgery & broken dreams, it is still a beautiful world. Be careful. Strive to be happy. ☒☒
